

Saving Lives Through Early Detection

The best way to detect a heart condition is through a heart screening using an ECG (electrical test) and Echocardiogram (ultrasound) of the heart.

*This is a simple test that takes about 25 minutes. **No physical exertion one hour prior to screening***

Screening Packets:

Pick up at Walt Whitman High School Athletic Office or download at: www.la12.org

Complete Packet:

Please fill out "Heart Survey" with your parent or guardian including adult permission signature (if under 18 years old)

Bring your completed "Heart Survey" with you on the day of the screening or send by fax :631-754-1091 or email : heartscreennewyork@gmail.com
